Assessor Comments	Nice quality line of NSM 2022-2023 drop poll merino ewes. Ewes are sired by Richmond merino rams. Offered for genuine sale due to lease of property, they would generally be used in vendors terminal sired program for spring lambing. Ewes carry a clean bill of health and are in good joining condition with ewes on the improve in their feeding program. A visual draft was done pre assessment based on type to present an even line. Note of ewes assessed 1% were noted to not be mulsed. These relate to a small line of red tag ewes which were purchased by vendor as young ewes. Ewes stand even and in fresh forward store to slightly forward condition. Vendor offering two other lots in this sale. Please call for further information.
