Other Joining Details	119% in lamb. Twins not identified		
Assessor Comments	On offer is 440 2020 drop ewes. The ewes are all SIL to the 'Hillside' Poll Dorset rams at 119%. Twins not identified. Rams in 29.11.25 until 10.1.26. Ewes are in true store condition and are mostly medium frame. Vendor placed a lot of emphasis on wool quality with last years adult flock averaging 18.6 micron. They come with a good mulse and are good healthy sheep ready to lamb down. VENDOR did mouth these ewes prior to joining and did remove anything he considered not good enough to lamb down. Please note there are some ewes with long toes but are not considered detrimental. These form part of the Cooranga flock dispersal with other age groups of SIL in todays sale.
