Assessor Comments	A quality line of 56 Australian White ewe lambs, May–October 2025 drop, presenting with strong Tattykeel bloodlines. The Colwill family established their flock with ewes originally purchased from long-term Tattykeel clients, the Derricks, and have since only utilised Tattykeel rams sourced from their annual sales, ensuring consistent, proven genetics throughout the flock. These ewe lambs demonstrate good natural shedding attributes and averaged 45kg at assessment. This offering represents the complete line of ewe lambs with the bottoms removed. Their mothers sold unjoined a fortnight ago for $266.
