Assessor Comments	Good line of well bred young ewes, due to lamb in May/June to White Suffolk rams. Bred by the Sandalwood Poll stud, these ewes have a ton of breeding behind them, are a strong medium frame and present in a strong condition, ideal for lambing. Vendor is very tempted to keep these ewes such is their quality and has joined them up to top end Illoura WS rams. Approx 42% have scanned to multiples and have been identified with a dot. An excellent opportunity here on a good line of young ewes that will give a solid return in the near future. July terms available to approved purchasers settling through a recognised agent. To be offered as two lines of 192 as a run out the gate.
