Assessor Comments	Flock reduction of Longtrail Farms self replacing Poll Merino operation. Rising 3yo ewes that are medium/large to large framed in a fresh forward store to prime condition. Scanned in lamb to Karawatha Blood Poll Merinos as single bearing ewes. Longtrail Farms have been on Karawatha blood for 10+ years and consistently purchase rams in the top end of the catalogue aiming to breed a structurally sound, large framed, easy doing, fertile and productive ewe which is evident in this line of classed in breeding ewes here. This is your opportunity to secure quality ewes in the prime of their lives to quickly increase breeding numbers whilst capitalising on the highly positive outlook of the wool and lamb industry.
