Assessor Comments	A good neat line of Red tag, 22Dp Mo Ewes SIL to the Ulandi Park Poll Dorsets for a May June lambing. These ewes are Medium to Large frame and present in a strong store to forward store condition. There are two ear marks in these ewes as they were purchased in as ewe hoggets. They are well shorn. The Michalanney lambs are known performers, and no expense is spared when buying rams having been on Ulandi Park bloodlines for many years. Please note, the same vendor has two other lines in the same sale as a part of a flock reduction.
