These heifers were easy to handle through the yards. They were easy to draft off a larger mob and process over the scales and flowed off well.

Assessor Comments

buyers on offer we have a well presented line of NSM Angus heifers. Put together as a draft of station bred calves back in the autumn they have come out of the winter well and really starting to move forward. These heifers express great length of body with frame and starting to show thickness. Heifers that will continue to grow into classy trade types or even make excellent future breeder prospects. (Buyers please note a few of these heifers are carrying warts.) Grass fed and have been managed by strip fence grazing. JBS Farm Assured.
