Assessor Comments	Very well bred line of Unweaned ewe lambs. Lambs represent vendors complete drop of commercial and stud ewe lambs(20% of this group) in a genuine flock dispersal. Lambs exhibit good growth for their age and are in healthy fresh condition. Ideal opportunity to acquire excellent quality genetics in this dispersal. They present evenly and have had a small tail removed. Flock classed annually by Mark Hedley. Lambs are due for a crutch. Please call for further information.
