Steers were truly a pleasure to handle. First mustering into yards from a small holding paddock. Steers were calm with no running or looking to break. In the yards 100% were put through race and and crush. All stayed calm with not one becoming stirry. A true credit to the vendors on the hours put into these cattle in yards and paddock.

Assessor Comments

A line of 107 Poll Hereford steers, February/March 2025 drop. Steers are Merawah blood, bred from a great female herd were bulls have been purchased from Sevenbardot, Bowen & Days White Face. Weaned in October, drenched & vaccinated. High quality steers which are usually taken out to feeder or export weights in the past. These steers have a mile of breeding behind them and the Staniforth cattle have a great reputation in feedlots as well as processing plants. These steers come with my highest recommendation do not hesitate to call.
