Assessor Comments	Vendor bred angus steers,ready for the feedlot. These cattle have had years of breeding and dollars put into them for performance and quality. steers have done really well throughout a tough winter and boomed away as the spring hit. 1 steer with a white patch underneath. The odd steer with old pink eye scarring from hay in the autumn and winter. this vendor has 4 lots of feeder steers in this sale,308 total. A great line to secure for any feedlot
