Assessor Comments	Offering a genuine line of vendor bred Shorthorn heifers that present with lots of potential for high compensatory growth, they have good frame and given the right opportunity these heifers will steam ahead. They have endured a tough Taralga winter on hill country, so they will go forwards from here. This is an ideal line of heifers to trade or retain as future breeders. They are bred from large framed Royalla blood shorthorn cows sired by Royalla blood bulls that have been selected with high indexing characteristics with a focus on fertility
