| Handled With                          | assessing process straight away. They are Steers that are easier to handle if left to settle first. The odd one played up in the crush , nothing unusual there. Overall Steers that are best handled by experienced operators.<br>Bikes , Vehicles                                                                                                                                                                                                                                                                                                                                    |
| Assessor Comments                     | A tidy line of 84 well bred Millah Murrah blood Steers, Steers that are going forward and are the ideal weight to finish on grain or grass.As you can see by the videos they have the frame , conformation and muscle pattern you would expect from the Millah Murrah blood lines. The breeder has selected bulls on type not price and this shows through. A few have a reaction around their eyes due to the hay feeders. There is another lot of Heifers from this breeder also in this sale, as well as another lot of local district heifers. Inspections prior to sale welcome. |
