Assessor Comments	These are renowned doing pure Yavenvale blood steers that are sought after annually by repeat bullock producers. Extensive genetic improvements has been put in to the Jeffcott herd over the years to ultimately produce a fast growing, early maturing bullock with good muscle & softness. Chasing those Bulls with the high 400/600DW & positive growth figures. These long, deep steers will not disappoint growing into impressive bullocks. Well weaned, and very well paddock educated, coming when called, and often waiting at the gate to be let in to the next paddock. Buyers please note the Jeffcott Family is offering two other lots.
