Assessor Comments

37 EXTREMELY QUIET vendor bred Angus steer weaners - Bred to perform with a great mix of Rennyalea / Dunoon / Alpine and Ardrossan Angus blood running through them. These steers have had an amazing start and are flying for their age. Well weaned, they will grow out excellent feeders or through to heavy bullocks. Steers are showing good muscle, length, depth and are extremely quiet to handle in every way. Steers have been doing 1.1kg/day since weaning. They have been 100% grass fed, had all their treatments including being done for fly a week prior to assessment. Steers weigh 295kg - 425kg to AVE 356kg full at assessment. NOTE - 1 steer had his eye treated on the day of assessment, nothing to major, was weeping a little and not detrimental to him in any way, please refer to photos. Vendor has another lot of 26 Angus steer weaners, and 2 lots of Angus weaner heifers in this sale. 63 steers & 54 heifers in total in this sale.
