Assessor Comments	A well bred pen of steers that are ideal to turn out on feed, have had a tough start and are running in a very wet & cold area, will respond to a bit of warm weather. Three steers showed signs of being marked late but were checked at assessment and deemed ok. One steer has a white belly. Cattle are a little flighty but have not had a lot of handling, not aggressive. Were weighed after a full over night curfew NB: vendor also has 45 heifers in same sale.
