Assessor Comments	A quality line of young Angus heifers presented in store condition ready to go on improved nutrition. These heifers were purchased off A/Plus from Romani Past Co as light weaners and have been grown out at Sandhurst with the view of taking them on and joining them but the season has not allowed for this to happen . Good healthy heifers,very even, with a 30% tail removed . All the hard work done , and these Renny Lea blood heifers should grow out to be great breeders or make good feedlot heifers
