Assessor Comments	Angus x Angus backgrounder steers. Vendor bred by Cottage Creek Angus sires over medium-large framed Angus cows. These steers have decent frame and will be ideal to take on to heavy feeder or kill weights with quality feed. 100% grass fed and antibiotic free. A small tail was removed prior to assessment. A quality line of breeders' steers that given more favourable seasonal conditions would not have been offered to the market at these weights. Should you require any further information please call.
