Assessor Comments	September / October '24 drop Angus & Black Baldy backgrounder steers (one Murray Grey cross). All weighed 250kg+ to average 294kg full (250-381kg) with a tail end removed. These steers came through a tough Autumn/ Winter and but have really turned around with the spring on them. Ideal to grow out to feeder weights or will go on to become excellent heavy grassfed kill steers (Greenham Never Ever Accredited) with the promising market outlook. Previous purchasers have always been very impressed with the performance of these steers. Please note; vendor also has 78 heifers in this sale.
