Assessor Comments	The Nankervis family are 5th generation Upper Murray farmers, producing beef stock since 1860. This is the second time they've offered tightly held genetics & possible future breeders for sale. These Heifers are usually value added on farm or into grass fed programs. Where they're usually receive a premium for their excellent carcasses & marbling, regularly being upgraded in the MSA scoring placing them amongst the top 20 JBS producers. Smart & stylish line of heifers that are starting to hit their straps with all the hard work already done for you. A excellent opportunity to secure a great line of breeder heifers with the ability to improve herd genetics or bounce away towards feeder, grass fed finishing programs.
