	Quiet: 36 head	Quiet: 36 head	Temperament not assessed in Paddock
	Cattle displayed excellent temperament during assessment. All steers flowed through the yards smoothly with minimal disturbance. The odd steer tried to turn in the race but other than that they are quiet and easy to handle making them suitable to all experience levels.

Assessor Comments	A top quality line of 4-5 month old Angus x Friesian cross steers, currently on a grain fed diet and exhibiting outstanding weight-for-age growth. These steers feature the desirable carcass traits of Angus genetics, with excellent body development and potential. With a calm temperament and significant growth potential, they are ideal for ongoing feeding programs aimed at domestic or export markets. The vendor also has a few lines of heifers and older steers in same sale.
