	The steers were good to handle through the yards. There are a couple of steers in the mob that once put under a bit of pressure do become nervous. The steers handled through the crush well but like in the mob a couple became agitated whilst being weighed in the crush.

Assessor Comments	Another wonderful line of Angus Feeder steers presented by GinGin Pastoral. The steers are based on Monterey and Millah Murrah bloodlines, with bulls being selected for growth, positive fats and IMF. The steers present in store condition and are suitable to either being topped up on grain or suited to grow out and finish on grass. The steers are vendor bred and grassfed so suited to the supermarket grassfed markets. Buyers just please note that there are 8 steers with some ringworm present however this was treated at the time of assessment. Also 1 steer had a bit of wart above his eye. Buyers please note the vendor also has heifers in same sale.
