Assessor Comments	Excellent line of Glenwood blood Ewe Lambs that are showing great frame and structure for 7-8 Months of age. These Ewes are bred out of medium to large frame Glenwood SRS merino ewes that consistently have lambing percentages of 130-140% to ewes joined and produce early maturing progeny. They have been consistently buying the top end rams at the Glenwood sale for the past 15 years. These ewes are extremely early maturing, fertile and free growing ewes with a big emphasis on structure within the breeding flock. Ewes were individually weighed above 30kgs at assessment. Please call for further information.
