| Vendor Comments          | Vendor bred merino Lambs. Lambs are usually finished and taken out to heavy export weights. Only selling due to seasonal pressure                                                                                                                                                                                                                                                                                                                                   |            |             |
| Assessor Comments        | Vendor bred Wether lambs ready to be finished. All the hard work has been done growing lambs out and inducting on grain, all that's left to do is finish them off. Vendor has been on Langdene merino blood for 20 years and usually takes wethers out to export kill weights. Av 50 kgs at assessment. Quality lambs that wont disappoint. **Please note vendor has lighter portion of lambs in sale which will make up a neat B-Double load, same drop of lambs** |            |             |
