Assessor Comments	An exceptional line of Vendor bred Aug/Sep drop 1st X mixed sex lambs. 100% weighed at assessment between 42-52kgs. A great opportunity to retain the ewe portion of these lambs and fatten the wethers in a very positive lamb market. Lambs have been on a full grain ration since January in a drought lot and have come off the board in great condition and have since kept going forward. Vendor was prepared to grow these lambs out but given the dry season and very minimal water the decision has been made to sell early. Buyers note 250 lighter cut also in this sale. Approx 5% with weeping eyes from dust in drought lot
