Assessor Comments	A nice line of Vendor bred 2nd X lambs out of big 1st X ewes. Jun/Jul drop which are really on the do since shearing 4 weeks ago. 100% weighed at assessment for buyers confidence. Weighed between 33-47kgs full. Lambs have been through a full induction and are now on a 70/30 Barley/Oats ration. Vendor would normally grow these lambs out into the export market but given the limited water the decision has been made to sell early.
