Assessor Comments	Buyers, the Flick family have on offer 260 Bundilla and Billandri blood wether lambs. These lambs are freshly shorn with all animal health up to date. They have been put in a fresh paddock and are really starting to go forward. They are by the Bundilla and Billandri rams that were purchased with a focus on early growth and fat cover. They are June/July drop and have been introduced to grain being trail fed a Barley and Lupin mix through the dry summer, so would be ideal to feed on for the strong winter contracts currently available. A very good trade option
