Assessor Comments	On offer is an excellent line of merino wether lambs bred out of medium/large frame Merino ewes. All lambs presented in a fit healthy and forward condition at time of assessment. Last years wether lambs averaged 17 micron and cut good, clean, white & bright wool. All lambs are trained to feeders with pellets and would be an ideal article for lot feeders, lambs will continue to grow out into trade or export weight if given the opportunity or have the potential to grow out into large frame heavy cutting merino wethers. Potential purchasers can buy with confidence.
