Assessor Comments	A line of vendor bred nsm ewe lambs sired by Glenpaen Rams, Vendor has been using Glenpaen Rams the last 5-6 years. Ewes lambs to tuck away for a spring lambing good wool growers so with the wool job heading in the right direction they would be a great opportunity to put them away. Ewes have all their lives in front of them and are being sold due to many numbers that have scanned up in the older age groups, they have been classed in ewes with a small tail removed.
