Assessor Comments	Well bred tops of the drop small line of wether lambs that present in store to forward store condition. Lambs are Oct/ Nov 2024 drop and have plenty of time for these lambs to grow to meet winter/spring markets if shown the right management. Wethers are well bred being from an Alfoxton base ewe flock with the recent infusion of Demondrille bloodlines. Ewe flock average 16 -18 micron of soft handling wool. Previous buyer feedback in past years is that these lambs grow out if given opportunity and would be equally suited to take forward as wool cutters. Bred by a passionate merino sheep breeder who spares nothing in obtaining good genetics. Please call for further information.
