Assessor Comments	Genuine quality line of future breeder dorper ewe lambs reflecting vendors 20+ years of selective breeding objectives on performance. Lambs have carried themselves well through the prevailing dry conditions, with plenty of genetic potential left. In addition to their future breeding capabilities these lambs could also finish as a heavy carcass given their age. Lambs grain imprinted on barley for the past week. Buyers please note that payment is not required until after 30th June 2026
