Vendor Comments	Lambs are unshorn.		
Assessor Comments	A 2 deck line of Merino wool cutting wethers. These lambs were purchased out of the New England as a run of light vendor bred store lambs and divided up to numerous vendors. Other vendors that received these lambs have shorn them with the wool testing at an incredible fine 13.8 micron. Lambs have been running on a lush oats crop which photos will display some stain and dag. A great opportunity with the massive season turn around and the positive current wool market.
