Assessor Comments	On offer is an excellent line of fresh forward store lambs that have had the perfect start. These lambs have been running on grazing barley and ryegrass and being sporadically trail fed corn. These lambs are out of large framed ewes by Dorset rams and present with long and deep frames for their age. The vendor would typically run these through to export weights but currently has to save feed for retaining ewes. All of these lambs have been weighed through the auto drafter for full buyer confidence.
