Assessor Comments	On offer is a very neat line of weaned new season lambs. Bred from medium to large frame ewes and predominately the Hawker Family White Suffolk Rams they carry all the potential to grow out to heavy export lambs or be quickly forwarded to suit the current trade market. All the hard work has been done with these lambs including three vaccinations and the early stages of grain training with them currently receiving 300grams per head per day. 100% of this mob was weighed through the auto drafter so buyers can bid with confidence.
