	Wrinkle Score Plain 100%		
Assessor Comments	A good line of Merino ewe lambs, which have been classed out of vendors main flock due to the majority having a shorter staple length. On good feed they will grow into good frame ewes as they are Karbullah genetics. They would be great young ewes to join next Autumn to cross breds or Merinos as they have very fertile genetics. Theses lambs are a very profitable young ewe lamb item as they could be bought and fattened to take advantage of the good lamb prices available. Vendor also has 176 2-4 year old Poll Merino ewes in today's sheep sale.
