| Assessor Comments        | A Opportunity presenting to buy an even line of wether lambs presenting in store condition. Lambs are out of a moderate to large framed ewes that have a good reputation for producing good quality wool. Given the hard season conditions these lambs have not grown out to kill weights like they usually would. A 15% tail was drafted off prior to the assessment                          |
