Assessor Comments	Offering 220 pure Raby Blood merino Ewe Lambs, presenting an excellent opportunity to secure future breeding females from a recognised bloodline. These unmulesed ewe lambs display good type and wool quality, with the run showing sound breeding potential and suitability for replacement ewe programs. A well-bred line that will appeal to both wool growers and prime lamb producers looking to build productive self-replacing flocks. These lambs have been running on lush green feed and are showing some slight stain around the breach. Please note there will also be another 2 lots of 220 in this sale.
