Notable Traits	Traits 30 Head LIGHT HORN																			
Assessor Comments	A/c The Breeder, Born during the 4 weeks of September last year these lambs have plenty of time to grow into bigger bodies with the depth of barrel to pack on meat. Born from Glenwood, Toland Poll and East Ioddon genetics these lambs have been bred to grow with sires selected for growth, fat and muscle with a white stylish wool for the modern wool market. They are backgrounded on self feeders after being extensively trail fed as young lambs with barley and beans, Whilst currently grazing an oat crop with access to beans in feeders. They have been well prepared for finishing having been recently market crutched & Drenched. These lambs are a credit to the vendor for the way he has set them up for finishing.																			
Assessor	David Welsh (Level 1 Accredited) Phone: 0419 624 880
