Assessor Comments	Buyers on offer is a high quality line of predominantly whether lambs all weighed over 30Kg full at assessment to average 35Kg. These lambs are the absolute tops of the drop and did it very tough over summer time due to vendors western country being extremely dry. These lambs offer an exceptional opportunity to purchase a good neat line of lambs with plenty of compensatory weight gain on offer. The vendor in the past has purchased Woodpark and Goolgumbra merino rams. Typically these lambs would be taken through to kill weights however due to a large number of lambs coming behind these they are now being offered for sale. Lambs with plenty of frame and stretch that offer an excellent opportunity to finish for the spring time. Please contact with any questions.
