Vendor Comments	This is a flock dispersal of the 'Bunginderry' sheep. Years of genetics & breeding low maintenance easy doing sheep focus on wool production.
Assessor Comments	**FLOCK DISPERSAL** An opportunity to buy a great run of Center Plus blood merino wether lambs in store to forward store condition. These lambs are best described as medium frame and have started to go ahead since shearing with fresh feed in front of them. Lambs cut 3.5kg of wool at 17/18 micron with the vendors emphasis on wool quality. Wethers would suit both as future wool cutters or to be lot fed to heavier weights. Low maintenance easy doing wool cutters that are only being offered due to change of direction by vendor.
