Assessor Comments	On offer is an incredibly well bred line of 2nd x new season lambs that are by large framed Western bred first x ewes sired by Kraywood Poll Dorset rams which are a Tatty keel based bloodline. These lambs are a April/ May drop with this lot the third draft to average 21kg at assessment. Lambs have all been weaned on the 15/06/26 so weights are a genuine store weight not full of milk. All lambs were weighed under 25kg with a 10% tail removed. Lambs are particularly young and extremely well bred. As photos will display there is an odd lamb with a cloudy eye, defiantly not barley grass and not detrimental.
