Assessor Comments	Buyers! The Hines family will be offering 420 Leahcim blood wether lambs. This lot represents the lead run of around 1000 wether lambs and have really started to perform with a start to the season. They are by Leahcim rams that are renowned for their merino carcase attributes with a focus on muscle, growth and positive fats whilst still producing a long stapled fine white fleece. These lambs stand on medium to good frame and would not take too long to finish on quality pasture or grain (they have been imprinted to grain having been trail fed during the dry summer)and are all high 2's to 3 score in condition. They carry a generous wool rebate and come highly recommended. Please call for further details
