Assessor Comments	330 Merino Wether Lambs – August/September 2025 Drop Offered for sale are 330 Merino wether lambs, August/September 2025 drop, sired by the Pretty Tower rams. These lambs have been running on a rape crop and have been supplemented with barley and oats, making them well educated onto feed. The wethers are generally in store condition, with some already showing cover over the back. At assessment, all lambs under 30 kg were removed, leaving a sound and even line of good feeder lambs ready to go forward. A quality run of young wethers with strong genetics and plenty of potential.
