Notable Traits	Traits 3 Head not M&TS			
Assessor Comments	Vendors annual turnoff of surplus ewe lambs, this is the second time classing. These ewe lambs have been generally classed out for shorter staple and drier wools. They would make ideal breeder ewes for 1st cross lamb production or to someone trying to plain up their merino flock. Also would be ideal lambs to fatten in the feedlot for kill. Note there is a handful of later August drop lambs that were not M&TS approx 3.
