	55-60 cm	50%				
Assessor Comments	251 April/May 2025-drop vendor-bred Merino ewe lambs, bred from outstanding Westwood and Wattledale (Centre Plus) bloodlines. This exceptional line offers an ideal balance of frame, carcass performance and high-quality wool production, making them perfectly suited to prime lamb production or as future self-replacing breeders. These plain-bodied, easy-care ewe lambs are non-mulesed and OJD vaccinated. They are currently four weeks off shears and are in excellent forward condition. Raised in the reliable medium to high rainfall environment of Gibson, in the Shire of Esperance, Western Australia, they present a rare opportunity to secure top-quality genetics from a well-bred, professionally managed flock.
