Assessor Comments	Offering 780 Merino Wether Lambs as a 6-deck line. The wether lambs were 34kg live at assessment and are the complete July 2025 drop from Willowie. The lambs are sired by Wanganella and Poll Boonoke bloodline rams and were shorn in late April. The lambs are on the improve after shearing and with some good quality feed should grow out as future woolgrowers or trade on as lambs or hoggets. These wether lambs present an opportunity for the restocker to purchase a large line of vendor bred, one mark lambs to put away and grow out.
