Assessor Comments	The Wilson family are highly regarded 1st x Ewe produces and have been producing some of the best 1st x ewes for decades. the reputation is second to none. specially selecting large framed plain bodied ewes from Hay and Deniliquin Breeders Sale each spring and sparing no expense when selecting their draft of rams at the Cadell ram sale annually. The opportunity to purchase 1060 June July drop 1st x ewe lambs that for their age are extremely well grown and take home for a spring joining has been brough forward only due to seasonal conditions and lack of surface water. The fertility of the Wilson ewes has been echoed through many past buyers for how well they have joined up and what great mothers they are. These ewes come with the highest of recommendations and to the most astute 2nd x lamb producer they will not disappoint. Please note. Ewes are on 2 different properties 25 km apart. to be sold as (285 hd & 295 hd North of Ungarie, 270 hd & 200 hd West of Ungarie) Load date of Friday 19Th June if possible
