Assessor Comments	A very good line of young ewe lambs that are very well bred and starting power ahead. These are the very top of the drop and purchased from renown First Cross breeders the McGufficke family. They are showing good frame and stretch for their age and present in good store to forward store condition. 100% were assessed for this sale with ewes ranging from 46 - 60kg. They have in recent weeks been moved onto very good lucerne and clover and are really starting to power ahead. Wool results from shearing show these ewes to be on lower micron side for XB sheep. Great opportunity to secure a line of very well bred Ewes before the peak purchasing season in spring. Please call for further information.
