Assessor Comments	2 Decks of quality store lambs with 1 foot in the till \$\$\$\$. These lambs are a true spring drop with stretch and good body depth, they are the tops of their drop. Keep the feed up to these lambs and they have the breeding to keep growing in export weights. Lambs were tested for worms in April and had a very low egg count. Cleanly shorn on March 31st and had an A,D&E Vacc. Lambs that will keep performing!!
