Assessor Comments	250 5yr old SIL Merino ewes that are a medium-large frame ewe with a good plain body. This line of ewes got purchased as a dispersal line of sheep out of QLD Ex. Warroo Station earlier in the year and have scanned up very well. The ewes show a nice plain body and produce a nice white stylish wool with a well defined crimp. The ewes show a nice clear breach for a non mulsed sheep and this was a focus point for the previous owner. These ewes are SIL to the Wingamin W/S rams, the rams got put in on the 18/4 and taken out on the 11/6 and this line of ewes have all been scanned into the singles. Note vendor has other SIL lines from the dispersal In the sale.
