| Assessor Comments        | A top-quality line up of early maturing, highly fertile, productive ewe lambs, single scanned in lamb to MOUNT RONAN MATERNAL COMPOSITE rams. These vendor bred ewe lambs are tactically put together crossing MOOJEPIN/ANDERSON MPM genetics with MOUNT RONAN MATERNAL blood. Due to a phenomenal pregnancy test, the vendor has decided to sell those ewe lambs scanned in lamb to a single foetus. This genuine line is set to return from the get-go. |            |                |         |
